

## CFO ROUNDTABLE

Dec 2, 2022

10:30AM-12:00PM

### AGENDA

#### Description

The current economic environment with inflation, rising interest rates, and greater economic uncertainty has changed the landscape of how we operate. Lingering issues associated with the pandemic such as supply chain bottlenecks and property revenue challenges have exacerbated by the economic challenges. As CFOs how are we positioning our organizations to response to these challenges. What's working, what's not working and how do we see ourselves coming out of this.

10:30 – 11:40 am

Discussion Starter

Derek Morris, CFO, Wayfinders

Open Discussion

Given the above, what's on your mind?

Property revenue declines? Higher cost of financing? Stalled projects? Staff retention? Maintaining profitability? Expense growth?

What approaches are working? How can we collaborate to find solutions?
