

RETAINING FOCUS AND SUSTAINING COMMITMENT TO EQUITY AND JUSTICE

Dec 1, 2022

10:30AM-12:00PM **AGENDA**

Description

HPN members are deeply committed to equity and justice. It is now an overt centerpiece of much of our work. But outside forces – divisive politics, NIMBYism, crime, understaffed police, etc. – are constantly pulling and tugging and at times are undermining our work, if not our commitment. With this backdrop in mind, what are we doing to ensure that we retain our focus and commitment to racial equity from an organizational and property operations perspective? Join us for an interactive discussion as we explore this.
