

## Ways to Get Involved with HPN in 2024

### Member Meetings

Held twice a year, these meetings enable leadership staff from member organizations to share knowledge and innovation with their peers. 80% of HPN members attended at least one meeting in 2023. In 2024, we will meet in Seattle, June 5-7, and in Austin, December 4-6. The International Housing Partnership (our collaboration with housing networks in Australia, Canada, Ireland, and the UK) will take place in Washington DC, October 7-10; and the Strength Matters Financial Management Conference – in partnership with NeighborWorks and SAHF – will be held in Chicago, September 3-6.

### Communities of Practice
